Iris show

If you are a member of a District 2B club affiliated with Michigan Garden Clubs, you are welcome to participate in IIB Designer workshops.

The group:

- meets in October, February, April and July.
- plans district flower shows
- provides opportunities to learn about various aspects of floral design
- provides feedback to participants on the designs they create.

Flower Shows

Flower shows typically include horticulture, floral design, and botanical arts (including artistic crafts, and photography). The district sponsors a large flower show at the MSU Pavilion in March of each year and a smaller December show every other year which focuses on youth exhibits. Members exhibit floral designs in the Greater Lansing Orchid Society Show each February. Occasionally, additional shows are held.
