

District 2B Quilter's Circle

District 2B

Quilter's Circle

This diverse group of gardeners also enjoys quilting. As a group, we take day trips to quilting shows and fabric stores.

We visit museums and other venues to learn about the history of our craft as well as get inspiration for our own creations.

We share our knowledge of fabrics, tools, and techniques while offering encouragement to each other.

We make quilted items for non-profit organizations in our community.

All 2B members are welcome to join us. Meetings are generally the second Thursday of the month.
