

October 2019

IIB Crafters

Twenty-five IIB members mastered a basic Kumihimo braided design in our September workshops.

An additional session has been scheduled on **October 24th** for a few people who had prior commitments on the first date. If you would like to be included, please contact Sue Wittick ASAP (witticks@gmail.com or 517-242-8259).

A workshop has been scheduled for **November 21st**, 1:30-3:30, to make pendants to hang on any necklace. Even though relatively inexpensive and easy to assemble, these pendants can be quite striking. Save the date!

If you have a craft to share, contact Sue Wittick, 517-2428-259, witticks@gmail.com.

Upcoming IIB Interest Group meetings or workshops
